

UNIVERSITÀ DI PAVIA

Foundation Year Program

DECLARATION OF RISK ASSUMPTION AND DISCLAIMER

I, _____, by signing this form

DECLARE

- 1) To be aware of being protected by the UnipolSai RCT policy n.178262860 against possible damages held against me/or damages I am civically responsible for, in relation to the institutional activity carried out by me.
- 2) To be aware that the University of Pavia gives only students waiting for a visa the opportunity to follow the classes online from their home country. In the event of a visa refusal, it will no longer be possible to continue taking classes online and the enrollment will be withdrawn. The eventuality of attending online classes does not entitle to any kind of tuition fee reimbursement or reduction.
- 3) To be aware that the first installment is non-refundable under any circumstances.
- 4) Only in the case of a visa refusal, a refund of 75% of the amounts paid for the second and third installments will be granted, provided the refund request is received by January 31, 2027 and the document from an Italian embassy or consulate that confirms the visa refusal is enclosed. Refund requests submitted after this date will not be considered. In the event of a visa refusal, a student will no longer attend classes online, and the enrollment will be cancelled. Only enrolled students can request a refund.
- 5) In order to be admitted to the final exams and maintain their enrollment, students must reach an 85% attendance rate on each course of the Program, not cumulatively. Failure to meet the attendance requirement will result in the termination of the student's academic career, with no refund or fee reduction, and in case of the students awaiting a visa the Italian embassy or consulate will be notified, the pre-enrollment will be withdrawn.
- 6) To be aware that the failure of final exams will not allow any kind of tuition fee reimbursement or reduction.
- 7) To be aware that the European Health Insurance Card (EHIC) allows all citizens of the European Union, Switzerland, Iceland, and Norway temporarily in another Member State, to direct access the health services of the host country under the same conditions as residents (some services could be provided indirectly, or by paying the relative cost on the spot and receiving a subsequent reimbursement), but does not cover some items, such as medical repatriation, typically covered by some private health policies. It is recommended to check the terms of use and the coverage provided by the EHIC at <https://ec.europa.eu/social/main.jsp?catId=559>

UNIVERSITÀ DI PAVIA

Foundation Year Program

8) To be aware that Non-EU students must register with the "National Health Service ("Servizio Sanitario Nazionale-SSN") to obtain the Health Card ("Tessera Sanitaria") to access public health. The National Health Service will assign you a general practitioner. Subscription to the SSN guarantees reduced rates for medical examinations and treatments. Registration remains open throughout the year, so you can register at any time, but you must renew it at the beginning of the new calendar year.

Finally, I declare that I am informed that, pursuant to and for the purposes of the GDPR 2016/679, the personal data collected and transmitted to others, even electronically, will be exclusively processed in the context of the procedure for which this statement is made. The complete information is available on the website <https://privacy.unipv.it>
